The SeSaME Oil Buying Club, which now covers Ashton under Hill completed its first order in October 2014:

We tendered for an order of 11,900 litres, for 20 club members to three suppliers. The price paid by all members (500 or 1000 litres) was 46.83ppl plus VAT. It represented a saving of 2.6 pence per litre against the average standard price from all the suppliers for a single order. Our total club saving was £309.

Countrywide offered the best value and completed the delivery. Although this was the first time we have used the system I have been pleased with how smoothly the process has run for members, with only small hiccups.

The **December 2014** order for 10,450 litres was fulfilled at 40.00p per litre + VAT, a saving for club members of £24.75 on an individual 500 litre order or 4.95p per litre. In **January 2015** the winning bid was 34.40pp.

As more members register and order through the Club, the more competitive will be our buying power and the greater the potential savings.

So, if you live in Ashton under Hill, Beckford. Dumbleton. Hinton and Aston Somerville, Sedgeberrow or Wormington, NOW is the time to register with the new SeSaME Oil Buying Club to get the most competitive price for your oil.

You need to be registered at <http://sesame.oilbuyingclub.com> before you can become a member and place an order. It only takes a few minutes and once done the registration lasts forever.

If you have any queries don't hesitate to contact your Buying Club Manager: Mike Parker, either by email or phone.
